Description Photographer's stamp "lucien hervé 21 Av. Paul Adam (17)" on print verso. Annotations in pencil "Air France revue n. 7".

A French intersection becomes a blank "canvas" on which a Constructivist painting (of sorts) is made. Long shadows from streetlamps and pitched rooftops, the grid of cobblestones, a white crosswalk, and the silhouettes of pedestrians and bicyclists become the abstracted "marks" on the canvas.
